Finance Schemes Explained

Personal Contract Purchase (PCP) – Explained

If you want to make fixed regular payments and guarantee the future value of your car, then Personal Contract Purchase could be the right option for you.

•How it works

- Simply choose the car you wish to purchase, agree your annual mileage and decide your agreement term of between 20 and 48 months
- Based on your chosen term and mileage, FCA Automotive Services will determine the Guaranteed Minimum Future Value (GMFV) of your car at the end of your agreement. The GMFV is deferred to the end of the agreement and is the optional final payment.
- The GMFV and any deposit are deducted from the price of your car. You make regular payments based on the remaining balance plus the agreement interest.
- At the end of the agreement, just choose from one of the following options:
  i.Renew. Choose a new car from your dealer and use any excess value over the GMFV towards your deposit. You can trade in your old car or sell it privately.
  ii.Retain. To keep your car, you only need pay the GMFV.
  iii.Return. Simply return your car to FCA Automotive Services in good condition and within the agreed mileage

•Benefits

- Fixed monthly payments for easy budgeting
- Your monthly payments are reduced because the GMFV is deferred to the end of the agreement
- The Guaranteed Minimum Future Value protects you against any potential fall in used car values
- With shorter terms you can be driving a new car more often, meaning your servicing and maintenance costs may be reduced. This also allows you to keep up to date with technological advancements in car safety, performance and economy.
- Flexibility – you choose the deposit, annual mileage and agreement term to suit your needs; and at the end of your agreement you choose which of the three options is right for you.

Personal Contract Hire (PCH) – Explained

PCH is effectively a long-term car rental. Many people think it's only available to businesses, but it's not. With a lease agreement you effectively agree to hire a vehicle for a set period of time based on a pre-agreed annual mileage.

How it works

- Simply choose the car you wish to lease, agree your annual mileage and decide your contract term of between 24 and 60 months
- Based on your chosen term and mileage, Leasys will provide the monthly rental cost
- At the end of the agreement simply return your car* to Leasys in good condition and within the agreed mileage

•Benefits

- Fixed monthly rentals helping you to budget
- Low initial rental
- Cost effective - the monthly rental for a PCH agreement will generally be lower than those of a personal loan or PCP
- Vehicle Exercise Duty (road tax) will be included for the duration of the agreement
- Option to add maintenance cover
- No depreciation concerns
- Access to higher specification vehicles - luxury cars tend to depreciate at the slowest rates providing the best personal contract hire deals

*If you go over your agreed annual mileage then you will need to pay an excess mileage charge. This is calculated on a pence-per-mile basis and will be shown on your finance quotation. Finance is subject to status, a guarantee or indemnity may be required. Leasys, SL1 0RW.

Hire Purchase (HP) – Explained

Benefit from a regular payment structure with outright ownership of your car at the end of the term

•How it works

- Simply choose the car you wish to purchase, the amount of deposit you want to pay, and decide your agreement term of between 12 and 60 months.
- Any deposit is deducted from the price of your car. You make regular payments based on the remaining balance plus the agreement interest.
- Once all payments have been made, you will own your car outright.

•Benefits

- Fixed regular payments for easy budgeting
- Flexibility - you choose the deposit and agreement term to suit your needs
- You own your car at the end of the agreement with no deferred lump sum to pay

Advance Payment Plan (APP) – Explained

No monthly payments, just a single, up-front payment followed by a choice of three final options at the end of your agreement term

•How it works

- Simply choose the car you wish to purchase, agree your annual mileage and decide your agreement term of between 20 and 36 months.
- Based on your chosen term and mileage, FCA Automotive Services will determine the Guaranteed Minimum Future Value (GMFV) of your car at the end of your agreement. The GMFV is deferred to the end of the agreement and is the optional final payment.
- The GMFV is deducted from the price of your car; you simply pay the remaining balance plus any agreement interest as a single upfront payment.
- At the end of the agreement, just choose from one of the following options:
  i. Renew. Choose a new car from your dealer and use any excess value over the GMFV towards your deposit. You can trade in your old car or sell it privately.
  ii. Retain. To keep your car, you only need pay the GMFV.
  iii. Return. Simply return your car to FCA Automotive Services in good condition and within the agreed mileage.

•Benefits

- Ideal if you were planning to pay for your car outright. By deferring part of the initial outlay until the end of the agreement term there is less to pay today.
- No monthly payments
- The Guaranteed Minimum Future Value protects you against any potential fall in used car values.
- With shorter terms you can be driving a new car more often, meaning your servicing and maintenance costs may be reduced. This also allows you to keep up to date with technological advancements in car safety, performance and economy.
- Flexibility – you choose the annual mileage and agreement term to suit your needs; and at the end of your agreement you choose which of the three options is right for you.

Alfa Romeo Giulia 2.2 Turbo Diesel 180hp Super & Speciale Complimentary Servicing Offer

Customer Terms & Conditions

1. 3 Years' Complimentary Servicing ("Service Plan") is applicable on **selected stock** of Alfa Romeo Giulia 2.2 Turbo Diesel 180 hp Super & Speciale ordered between 4 January to 31 March, and registered by 31 March 2018.

2. The Service Plan covers the cost of parts, lubricants and labour required as part of the manufacturer's scheduled servicing (including all oil and oil filter changes*) until the expiry of 3 years or the vehicle has had its first three scheduled services whichever occurs first.

(*The oil and filter changes are dependent on driving style and are triggered by an on board warning light).

3. Items which require replacement or repair due to wear and tear or misuse are not included in the Service Plan.

4. The Service Plan comprises the following scheduled services:
The services due at the earlier of 12,000 miles or expiry of one year , 24,000 miles or the expiry of two years and 36,000 miles or the expiry of three year..

5. To claim your complimentary servicing, you will need to bring your vehicle to an authorised Alfa Romeo Dealer and present the Service Plan confirmation letter which will be sent to you following purchase of your vehicle. It is a condition of the Service Plan that the scheduled servicing is carried out in accordance with Alfa Romeo's time and mileage recommendations.

6. The Service Plan is transferable to subsequent owners of the vehicle but is not transferable to another vehicle.

7. The Service Plan can be used in conjunction with PCP, APP, HP or a cash purchase. The three years' complimentary servicing is only applicable to retail, Privilege Purchase and Affinity Scheme sales only and excludes business and personal contract hire.

If you would like any further information on Service Plans please contact Alfa Romeo customer services on 00 800 2227 8400
